

HANDS ON COOKING CLASSES

Welcome to our cooking classes, we offer an assortment of dishes and ideas for your cooking class.

Bring along friends, partners or family members, and we will provide you with the recipes, ingredients and fun, or we can come to you. We can go to your house, office or party.

Give us a date, and we will take care of the rest. We can accommodate afternoon, evening, and weekend classes.

COOKING CLASSES AT YOUR HOME

We bring all the ingredients for the class so you don't have to worry about the details, just bring your friends and relax. The number of people attending the class depends of the size of your kitchen, but if you think you can't accommodate your friends at home we have other options available.

Classes run about 4 hours for the preparation of a complete meal. Typically we arrive 30 minutes before the class to organize the food for the menu. Lunch or dinner will be shared and eaten following the class. We can also suggest wine pairings
